Luxury & Custom Cabs

With over forty five (45) years of combined experience in the elevator cab manufacturing; Global-Tardif is a well-respected manufacturer of vertical equipment since 1984. We are a leading manufacturer and a constant leader in the field of specialized and custom elevator cab manufacturing.

We, at Global-Tardif are experts in the conception, design, engineering and manufacturing of standard or custom architectural quality elevator cabs. For many years we have recognized the importance of quality, excellence and performance down to the smallest details.

Our skilled, experienced and specialized personnel ensure you of our commitment to quality as well as performance with our manufacturing lead time.

Our cabs are manufactured using highly accurate laser and CNC machining operations. These new technologies ensure you a top quality product at the best economical cost.

To ensure easy field assembly and that it meets our quality standards, our cabs are test-assembled prior to leaving the factory.

since 1984
